

Operation HELP

One Liner

The self-made man has a lot of working parts.

Clean-up Week May 13-18

Public Works Director Tod Mapleshorpe reminds Antioch residents that the annual Clean-Up Week has been proclaimed for the second week of May.

Beginning Monday, May 13, Village crews will be making the rounds to pick up the collected trash of Antioch residents.

Tod also announced that the Water Department will begin flushing the water mains within the next few weeks.

This work will be done at night, probably between the hours of 11 p.m. and 7 a.m., he said. For those who are late night drinkers (of water, that is), water may have a rusty appearance.

HOW TO SAVE A LIFE: Members of the Antioch Rescue Squad demonstrate some of the life-saving techniques that will be taught to the public in the Operation Help program Sunday, April 21, at 2:00 p.m., at Antioch High School. Demonstrating on the Squad's dummy are (from left): Rod White, Rich Kufalk and Mike Haley. (Staff Photo)

Rescue Squad to teach life-saving procedures

When an individual suffers a heart attack, the risk of death increases dramatically with each moment of delay in beginning treatment. A delay of just four minutes narrows the person's chance of recovery to 50 out of 100. A six minute delay cuts that to 11 out of 100.

With this in mind, the Antioch Rescue Squad, in cooperation with the Heart Association of Lake County and other health and emergency agencies, is sponsoring Operation HELP (Heart Emergency Life Procedures), Sunday, April 21.

The Antioch program will begin at 2:00 that day in the Commons area of Antioch Community High School. Rescue Squad members and area doctors will be on hand to show a brief film on temporary life support procedures and to demonstrate the techniques involved.

The technique is known as Cardio-Pulmonary Resuscitation, or CPR.

CPR will equip men and women of all ages with a method of effective temporary life support to maintain life in a victim suffering from a heart-related medical emergency until medical help arrives.

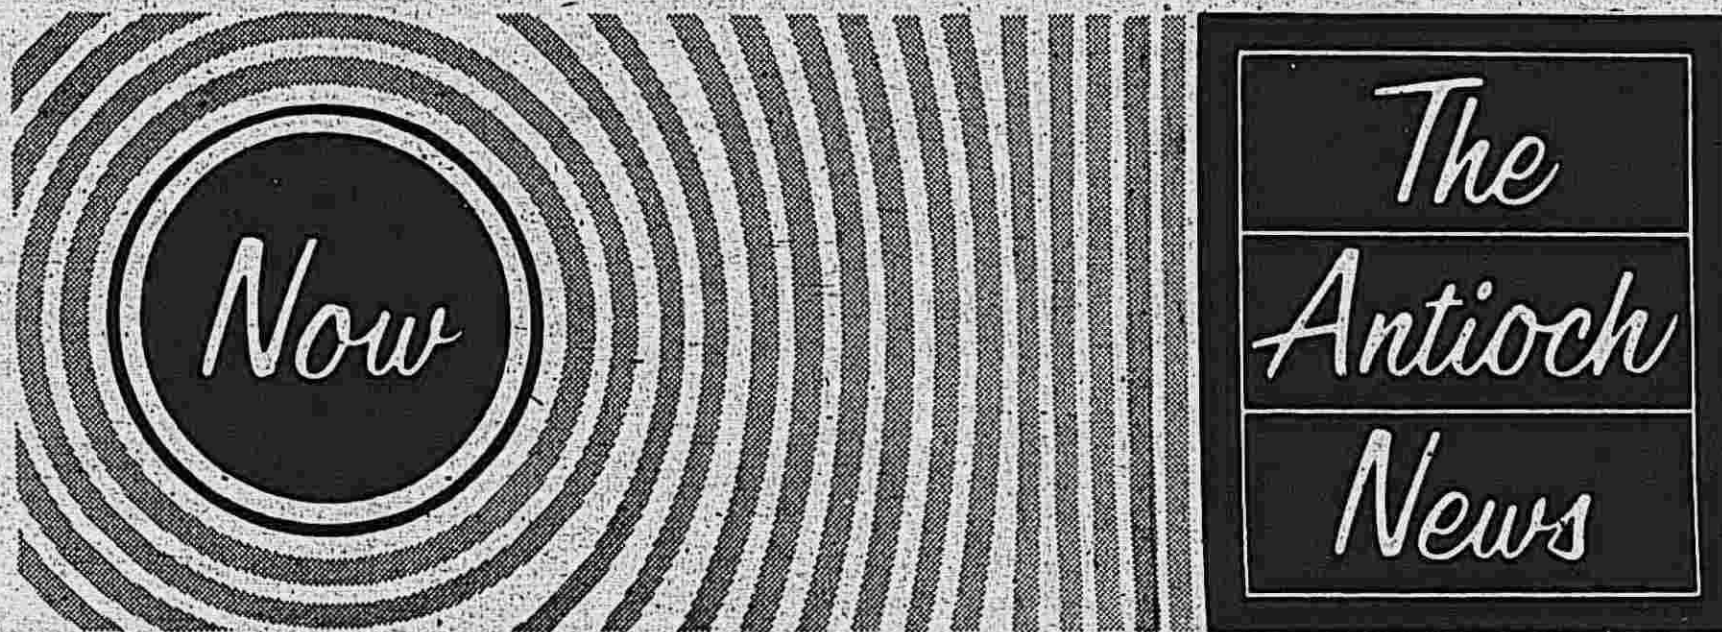

The Antioch Rescue Squad has been involved the past few years in purchasing the most up-to-date heart monitoring equipment for mobile heart care and in training members in the use of that equipment.

However, no matter how well-equipped and how swift the Rescue Squad is, a spokesman said, it still takes a matter of minutes for them to reach a victim. Since time is of the essence, the Rescue Squad feels that everyone in the community should be familiar with CPR.

This technique will allow those who may be on the scene before the Rescue Squad to provide a valuable -- possibly life-saving -- service for heart victims. Any person can start temporary life support if he knows how.

The Rescue Squad spokesman also revealed that they have established the teaching of CPR in health classes at the high school.

For further information on the Operation HELP program, Sunday, April 21, call the Rescue Squad at 395-2141.

Grade schools adopt programs

New programs in science, spelling and mathematics that have been tried on a pilot basis for the past year or two were officially approved for adoption by the Antioch Grade School Board for the 74-75 school year.

The science curriculum would be utilized in grade levels kindergarten through five. The spelling program is recommended for grades 3, 4 and 5, and in the Language

Arts program at the Upper Grade School. The math program will be used in grades 2, 4 and 5.

A number of teachers who have been involved with the new programs on a trial basis attended the Board meeting to help explain the courses.

Antioch Grade School principal Harlan Ware gave a presentation concerning the Elementary Science Study (ESS) program, which he has

been involved with for about two years. He said that he attended a week-long workshop in 1972, sponsored by the McGraw-Hill Company, which was developing the units at that time. He has since helped to introduce the pilot program in the district and to have teachers trained in its use.

The ESS approach is basically an inquiry process, according to Ware. As the students proceed in the course, he said, they try experiments and, if they make errors, they make corrections until they are successful. The program is composed of separate units, and it is proposed that each teacher would teach one unit each 9 weeks.

The teachers present added their agreement when Superintendent Henry Meyer said that, presently, the science program in the lower grades is on a hit or miss basis.

He told the Board that the ESS program would require an initial outlay of \$4,500 to acquire the new materials and

the necessary replacements for the first year. After that, he said, no more than 15 percent of the first year's costs should be needed to continue the program in future years.

The spelling program adopted is continuous, in that the students progress at their own rate and may cover several levels of work in a single school year, according to Marge Girtan, who is one of the teachers piloting the program this year.

She described how her third graders have been working in pairs to teach and test each other in spelling. "I think they really do think how they have progressed themselves, rather than, 'Can I spell better than someone else?'" the veteran teacher told the Board members.

Meyer pointed out that, although the initial outlay for new workbooks would be greater, the cost of the

State Bank buys Village bonds

The State Bank of Antioch was the lowest bidder of six Monday night for the purchase of \$340,000 of Waterworks and Sewerage revenue bonds issued by the Village of Antioch. Money from the bond sale will be used to pay the local share of the treatment plant expansion and to build sewer and extensions and a new water storage tank.

The local bank bid an interest rate of six percent for the full issue of bonds, which will mature over the next 23 years. Gross dollar interest cost at that rate is \$297,600. In addition, the State Bank offered the Village a premium of \$150, making the net cost \$297,450. Because of this premium, the net interest rate will be 5.996976 percent.

Village bond consultant Harold Warren commented that interest rates on bonds of this type have generally been running in the neighborhood of 6.3 to 6.5 percent. The second-low bidder, Columbian Securities of Chicago, offered a net interest rate of 6.239151 percent, at a net interest cost of \$309,462.

The trustees put a new ordinance on the books Monday night to comply with a recently enacted State law.

The State law, according to Village Attorney Andrew Lynch, requires the Village prior to issuing an occupancy permit for any structure, to ascertain that the owner has notified the County Assessor of his intent to occupy the structure. In that way, property will be reassessed from the date of occupancy, rather than at the next annual assessment.

A problem had existed for local tax-supported bodies in that, with the past delay in

reassessment of developed property, they did not receive the increased tax revenue from the development until one or two years after the property had been improved. The purpose of the new law, according to its supporters, is to alleviate some of that delay.

According to Village Clerk Marilyn Sterbenz, the Village has been put on official notice that it is in a flood prone area. As a result, the Village must make application to a federal agency recognizing that fact, so that private residents can obtain flood insurance. Without the Village application, she said, federally insured building loans would not be available to anyone in the Village after July 1975.

Trustee Mike Haley read a letter from the Georgetown Furniture Co., which had been cited last Fall for violation of the Village Zoning Ordinance in its operation of a warehouse at 890 Main St., in the downtown business area. At that time, the trustees gave the company six months in which to rectify the situation.

According to the letter, the company has made several attempts to find a solution and has finally determined to construct a new warehouse consolidating its operations. The letter asks for additional time to conclude negotiations and build the facility. On Haley's motion, the Board gave Georgetown until July 30 to either vacate the Main St. location or become conforming with the Zoning Code.

With the beginning of construction this week on facilities for the new Village playground in the Sequoit Terrace subdivision, the trustees voted to authorize im-

provements on a parking lot at the location at a cost of \$2,233.

Also, one of the Village pick-up trucks broke down for good last week, necessitating purchase of a new vehicle. John Teresi-Chev-Olds was the low bidder with a figure of \$2,385.

The trustees adjourned until Monday, April 29, at which time they will:

- consider a new salary schedule for Village employees;
- open bids on insurance for the Village;
- consider the applications for renewal of liquor licenses; and
- hear a recommendation from the Animal committee on what to do about animal control and licensing in the Village.

Grade schools adopt new programs

Continued from Page 1

program would be equivalent to the present program over the three-year life of the books.

Sheila Eisen reported on the continuous program in math. Again, students would progress at their own rate, with help from the teacher, and having to pass tests to move from one stage to another.

Meyer added that the new approach is not as heavily oriented in "new math" as that currently in use. The new concepts are there, he said, but the vocabulary is not introduced at this level. The adoption of this program, Meyer stated, would be less costly than any other alternative.

Be a life saver

Have you ever been with a person having a heart attack or known someone who has had one?

If you have, the thought of the experience probably brings a feeling of helplessness. The reaction after such a situation is usually, "If only there was something I could have done."

Now there is something you can do.

It is called cardio-pulmonary resuscitation (CPR) and its application in the first few minutes of a heart related medical emergency dramatically increases the victim's chance of survival.

If treatment can be started within a minute of the onset of a heart attack, the victim's chance of recovery is 98 out of 100.

If treatment is delayed only four minutes, the recovery chance drops to 50 out of 100. After six minutes, it is 11 out of 100. After 12 minutes, 1 out of 10,000!

The importance of immediate aid is evident. Yet, even with the most up-to-date equipment and training for mobile heart care, it still takes a matter of minutes for the Rescue Squad to reach a victim.

The CPR techniques would allow those who may be on the scene before the Rescue Squad -- and one day it may be you -- to provide a valuable, possibly life-saving service for heart victims.

Any person can start temporary life support if he knows how.

Rescue Squad members and area doctors will demonstrate these life-saving techniques Sunday afternoon, April 21, beginning at 2:00, in the Commons area of Antioch High School. The local program is part of a county-wide effort that day, called Operation HELP, sponsored by the Heart Association of Lake County and other health and emergency agencies.

Be there.

Your friends or neighbors may need your help when you least expect it. Or you may need theirs.

McClory announces bill approved for study of Lake Michigan shoreline

Congressman Robert McClory (R-Ill.) announced April 11, 1974 that the House Public Works Committee has approved an authorization of a \$650,000 study of the Lake Michigan shoreline between Chicago and Waukegan to develop erosion control measures. This supplements an earlier allocation of \$120,000 for a similar project from Waukegan to the Wisconsin line.

The Congressman was joined in the sponsorship of this resolution by Congressman Philip Crane and Samuel Young, and today's committee approval will result in the authority for the U.S. Corps of Engineers to make a comprehensive study of the shoreline from Waukegan to Chicago. The Congressman added that "I will do my best to see that the necessary funds are appropriated later this year to implement the study."

Mr. McClory, in making the announcement, discussed the damage and losses sustained by communities along the Lake Michigan shoreline as a result of high water levels of Lake Michigan, and the severe shoreline erosion. "This study is the first step in alleviating our problems on the Lake Michigan shoreline and abating future erosion."

Summer workers available through Community Relations Officer

Antioch Police Chief Jack Wells announced last week that area businessmen or individuals who are looking for young people for summertime employment should contact Community Relations Officer Sue Sedivec. Her phone number is 395-2160.

Miss Sedivec said that a number of students have already called her asking about the availability of jobs for the summer.

Food for thought

Dear Citizens:

I would like to take this opportunity to thank the people in School District #34 for allowing me to serve them during the last three years. It has been an experience as well as an education. Everyone should have this opportunity to serve on a school board.

During the last three years some progress was made, however, not as much as should have been.

As most of you know, the Antioch Grade School has money problems. These problems have made it necessary for the board to make cuts in programs that we definitely needed to maintain a good educational system. The board was not able to maintain a balanced budget even with the cuts in programs. You may ask why? or at least, I wish you would.

The answer is that we were trying to operate a school system in the 1970's on taxes and income based back in the 1950's. Secondly, inflation is growing at a rate faster than taxes are, so the school is falling behind that much faster.

Again, this next year it will be worse. Inflation is continuing, costs of goods and services are going up. For example milk: the school had a firm contract at the beginning of the year. There were two raises which the board objected to, and finally the company that had the bid sold and moved its operations. At that time they informed the board that they would not deliver anymore milk after a certain date. It was necessary to find another supplier, which the administration did, however, at another increase. That was a total of three increases in less than a year's time on one item. Paper is another item and you all know how much gas prices have increased. Well believe me, those big buses don't move on water. To continue, let's look at fuel oil for heating: higher prices, plus a possibility of a cut in supply, so the administration and board has purchased oil to hold for the next year. In all cases, I think you'll find the board was trying to do the best possible job to save money and to run a fine school. Another example is electricity which had a large increase last year, with a good possibility of 10% more this next year.

I guess what I am trying to say is WAKE UP people of Antioch and area, the problem is here and must be solved. It cannot be solved when you let things go on by not passing

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

referendums, or have Village Officials tell builders they do not have to support the schools, by donating land or money to them. The Village board's action a couple of weeks ago cost you, the tax payers, around \$250,000 to \$300,000 that I can project at this point and possibly more later down the line.

We have people screaming about growth and what it will do, yet it can hurt more if you don't do something to control it. I don't think Antioch will be able to stop growth: sooner or later the developers win out, but only after a few people are satisfied and not the majority.

Antioch will find it hard to attract new industry, which we need also to broaden our tax base. Remember industry does not send children to school, but does pick up a large portion of the taxes. Industry will not move into an area that does not have a good school system which includes the programs such as music, athletics, etc.

In the same area, how long will we be able to hold on to our good teachers, if we cannot afford to pay them. The board of education has X number of dollars to run the school. Programs have already been cut, other items have been cut back, the only other place to cut is teachers' salaries. When this happens, the good teachers will leave, and the board will have to hire new inexperienced teachers at the lowest possible salary to keep the school operating.

The state is also putting on further demands that certain things be added to the existing schools. We cannot afford to do this, and yet the state aid can be withdrawn if we don't.

What has just been said is what about 90% of the board meetings have been about for the last 3 years.

You now should ask, if I have made my point, what about the children? What about education? My reply would be My-God! in all the confusion about trying to keep things running, keep heat in the schools, lunch programs, buses, building programs, pay salaries, negotiate contracts, spin wheels to get a referendum, etc., we forgot about the product, our future generation, yes your children and mine.

Citizens of Antioch, I hope that the children of today will forgive me for my inadequacies and my inability to get them a well deserved and well rounded education. May they also see the light and be able to give their children a better chance.

Sincerely,
L.M. Woods

Bike Safety Week

As always, the sunny days of Spring mean that thousands of bicycles will show up on the streets and highways of the nation. With the gas shortage and broadening adult interest, there will be more bikes on the road than ever before. This makes Bike Safety Week, to be commemorated in 1974 from April 22-27, of unprecedented importance. Cyclists of all ages should make this an occasion to learn about their responsibilities through programs of bicycle safety instruction, skills contests and inspections.

Observance of the rules of the road and commonsense safety precautions stressed during Bike Safety Week could keep your next "Bike Ride" from being your LAST.

Milk dealer quits on grade schools

The Antioch Grade School District has been forced to find a new milk supplier -- at a higher cost -- because the former supplier terminated the contract and moved operations to another area.

Members of the school board and district administrators had been miffed with the company, Willow Dale-Borden, over increases in price beyond that stipulated in the contract signed at the beginning of the school year. The latest increase had been from \$.06222 per carton to \$.08888 per carton.

District officials complained that they felt the contract was valid and binding for the full school year. However, the dairy company remained adamant and, as one official put it, "as much as told us to go ahead and sue them."

School Board attorney Ted Larson advised that a suit would be fruitless, even if it weren't for the cost and time involved. The trend in court cases he has seen, Larson said, is to let the companies out of their contracts.

In March, the Board accepted "reluctantly" the increase in price of two-and-two-thirds cents per carton.

Then, in the first week of April, Willow Dale-Borden notified the district office that it had sold and was moving

operations. Consequently, the letter said, they were terminating the contract and would not deliver milk to the schools after April 5.

After checking with several other dairy services, Business Manager Sam Kohr reported, Meadow Gold agreed to pick up the service until the end of the school year. However, he added, the new price would be .091 cents per carton, or two-tenths of a cent higher than the disputed Willow Dale-Borden price.

In other business, the Board accepted low bids on bus chassis, bodies and tires.

Antioch Firestone was the apparent low bidder of three for tires, at \$1,527.70. Other bidders were Al's Citgo and Ted's State Line Service.

Ross Bus Sales submitted the only bids on four bus bodies. Two of the bodies are for chassis which were purchased recently and will cost \$4,475 each. The other two will be for chassis that were also purchased last Tuesday night and will cost \$4,884 apiece. This higher price is because of additional safety features required on school buses for next year, Kohr told the Board.

Two bids were received on the two new chassis. The Board accepted Pedersen Brothers apparent low bid of \$5,290 per unit. Olson Implementation submitted the other bid.

BUNNY WINNER. Tammy LeMonier, 10, of Antioch hugs the huge Easter Bunny she won in a drawing sponsored by the First National Bank. Lucky Egg winners in the drawing were: Bonnie Lissner, Jackie Muse, Mike Van Slobig, Michelle Pauly, Randy Weitz, Gail Samuelson, Tammy Mitlevic, Kim White, Earl Wilson, Janice Fosmark, Susan Stramaglia and Jeff Kube.

Village bonds get A-1 rating

Village Clerk Marilyn Sterbenz revealed Friday that the Village of Antioch has been given a rating of A-1 by Moody's in connection with the sale of \$340,000 of Waterworks and Sewerage Revenue Bonds.

The good news was relayed to Mrs. Sterbenz by Harold Warren of the bonding firm Benjamin and Lang, who is handling the bond sale for the treatment plant and sewer and water system expansion projects.

Before opening and reading bids on the bonds at Monday night's Village Board meeting, Warren commended the Village officials on receiving such a high rating.

He explained that A-1 is the highest rating that can be given and that it is quite unusual for a

village -- especially one of Antioch's size -- to be given such a rating on a revenue bond sale.

The only other such rating in Lake County that he knew of, Warren told the trustees, had been accorded to Lake Forest. Other cities in the county, for example Waukegan and North Chicago, he added, have received only "a" ratings on recent bond sales.

It is particularly difficult to receive the highest rating for a revenue bond sale, as in Antioch's case, because they are not supported by the general tax revenue of the village.

"This is an honor for Antioch and a reflection on the efficiency of your Village administration," Warren said. "I thought you should know the significance of this rating."

Motor Club honors St. Peter School

St. Peter school recently was honored with a No-Accident Certificate by the Chicago Motor Club-AAA. The school was recognized for its record of no-accidents during the last school year at intersections patrolled by members of the School Safety Patrol. This makes the 15th successive year the school has maintained a perfect accident record.

The Motor Club's No-Accident Awards are designed to call attention to the lifesaving work

of the School Safety Patrols.

Since pioneering the School Safety Patrol movement in 1920, the Chicago Motor Club-AAA has made the patrol one of its principal traffic safety activities.

Motor Club President Gerald W. Cavanagh, in praising the award-winning school, said that the "School Safety Patrol movement is based on the idea that young people are dependable and capable of leadership if given proper guidance."

Disposal zoning dispute looms

The newest zoning battleground in Antioch will apparently be an 80 acre tract located east of the industrial area.

Residents of Little Silver Lake and surrounding areas are gathering their forces to confront Village officials over a petition submitted by C.C.D. Disposal Co., owners of the land, for rezoning and a special use permit to operate a sanitary landfill there. A landfill has been in operation on part of the site for over 10 years.

Wayne Erickson, president of the Little Silver Lake Improvement Association and spokesman for the protesters, told the ANTIOCH NEWS Saturday that the site is "not fit for a garbage dump," that the landfill is being operated now "without the required permits," and that the operation presents "a danger to the whole community."

A meeting is tentatively set for Friday, April 19, at Jacy's Resort on Little Silver Lake, to discuss the opposition to the rezoning.

Meanwhile, a public hearing on the matter has been rescheduled to Tuesday, April 23, beginning at 7:30 p.m. in the Village Hall. At that time the Antioch zoning Board of Appeals will hear arguments for and against the rezoning.

Another public meeting involving the landfill operation, this one before the Lake County Soil and Water Conservation District Board, will be held Monday, April 22, at 7:30 p.m., in the Cooperative Extension building at the Lake County Fairgrounds, Grayslake.

Asked to specify the basis for his group's opposition to the landfill, Erickson stated that the ground is swampy and part of a flood plain. As a result, operating a dump there, he continued, poses dangers of flooding and pollution of the water supply.

He displayed a U.S. government geographic map which designated three-fourths of the 80 acre site as a flood plain for Sequoit Creek.

By destroying all this water reservoir area, the water has no place to be held. This will aggravate the flooding along Anita Ave. and Depot St.," he warned.

In 1966, Erickson said, referring to an article from the ANTIOCH NEWS at that time, he and his neighbors protested the rerouting of Sequoit Creek around the south edge of the property, in apparent violation of State law.

Placement of a garbage dump in the swampy flood plain, he continued, increases the danger of water pollution through "leaching" into the creek, the underground water table, and eventually into Little Silver Lake or the many private wells in the area. He pointed out that one of the Village wells is located less than a quarter-mile from the site.

At Monday night's Village Board meeting, Erickson questioned the trustees concerning the draft of an agreement between the Village and C.C.D. Disposal. That agreement, which Village Attorney Andrew Lynch was quick to point out has not been approved by the trustees, indicates the willingness of the Village to consider the rezoning, if C.C.D. receives

all the necessary permits and approvals.

"How would the man drafting that agreement know what to put in it, if there have been no public hearings," Erickson asked?

The purpose of the meeting, Lynch explained during a recess in the Village Board proceedings, was merely to make the plans of C.C.D. Disposal known to the Village officials and to determine the receptiveness of the officials to the project, before the long process of getting engineering drawings and applying for the necessary permits.

In a telephone interview, Erickson commented that the

landfill operation posed additional dangers for the whole community of Antioch, besides those of flooding along the creek and possible contamination of the Village water supply.

The area in question, he said, was formerly inhabited by various types of wildlife, including pheasant, rabbits and other small animals. Now the only wildlife there consists of rats, starlings and wild dog packs, according to Erickson. These have caused a nuisance in the area around the dump, and he has heard reports of incidents in other parts of the Village, Erickson stated.

"Most people in Antioch probably don't even realize that there's anything going on here," he said. "This affects the whole community, not just the immediate area."

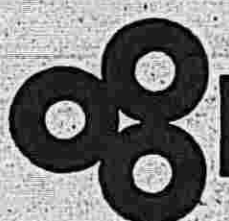

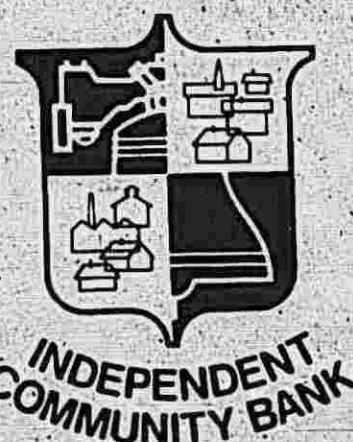

COMPLETES COURSE. Antioch Police Sergeant Tim Zelinski receives a certificate from Trustee Arnold Weber signifying his successful completion of a week-long school conducted by the Northern Illinois Crime Lab, of which the Village of Antioch is a member. Officer Ronald Taylor also successfully completed the course, which is one of several offered periodically to participating departments. The two also received the Crime Scene Kit displayed on the desk, which contains various tools, evidence envelopes, fingerprint powders, etc. to procure evidence at the scene of a crime. (Staff Photo)

INTO EACH LIFE SOME RAIN MUST FALL

But before it does make sure you have enough money put away to cover it. The unexpected has a way of happening and it's a smart saver who is prepared. Start a savings plan today, so you'll have that umbrella of cash when you need it.

Come in today and let us help you tailor a savings plan to suit your needs.

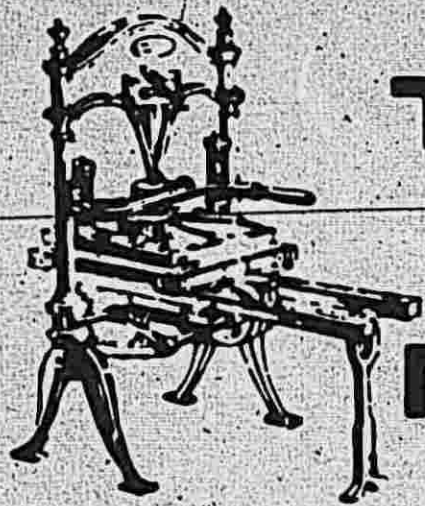

First National Bank of Antioch

"YOUR KEY TO THE FUTURE"

485 LAKE STREET ANTIOCH

FNB
395-3111

The Time Machine

70 YEARS AGO APRIL 14, 1904

Born to Mr. & Mrs. George Huber on Saturday, April 9, a baby girl.

F.K. Shotliff, J.J. Morley and M.J. Huber were initiated into the mysteries of Elkhood at Kenosha.

50 YEARS AGO APRIL 17, 1924

The Chicago, North Shore, and Milwaukee railroad company filed a petition with the I.C.C. to operate a motor bus line from Waukegan to Antioch and from Waukegan to Fox Lake.

C.A. Kutil, agricultural instructor of the Antioch Township High School, was appointed the Farm Bureau Boys' Club leader for Lake County.

20 YEARS AGO APRIL 15, 1954

Harold Cardiff and Charles Wertz were reelected to the Antioch Grade School board. In the high school district Fred Scott and Louis A. Biel were reelected.

Rev. Edmond Hood, deacon in charge of the Church of St. Ignatius for the past three months, was ordained a priest.

10 YEARS AGO APRIL 16, 1964

The first meeting of the "Do-Something-About-It-Committee for Moral Safety," a group aimed at censoring objectionable literature and movies will be held Sunday.

In addition to answering three fire calls Tuesday, firemen hosted their wives for a buffet supper.

Annual Art Show held April 3

Wednesday, April 3rd, the parents of Antioch Community High School students were shown the creative works of their sons and daughters at the P.T.A.'s third annual art show. Many viewers remarked that this year's show was perhaps the best so far, due partly, as Mrs. Jane Craner, art teacher, explained, to the expanded art program. "This semester we added a second art teacher to the staff, Miss Sue Hendricks, and she has done a remarkable job of bringing out the unusual, especially in the three dimensional art of her students."

A very nice watercolor painting of a furry kowala bear was this year's best of show gold ribbon winner. It was painted by Janet Gallimore, a Junior, who was presented a \$25 savings bond by Betty Sutcliff, Vice President and Cashier of the State Bank of Antioch. Janet also received a large trophy and will have her name added to the permanent trophy in the school. She also won 2 red ribbons for other works of art on display.

Other winners in the show were: First place blue ribbon winners: Terry Marsala, colored pencil drawing; Val Grant, mobil construction; Don Sherwood, relief construction; Marion Simbrowski, oil painting; Dave Kisner, paper sculpture and Jim White, water color painting.

Red ribbon, honorable mention awards went to Shelli Green, Teri Strom, Pat Horn, Kim Mattis, Kathy Stahmer, Jim White, Kim Kuchenhold, Rosemary Scheske, Carl Roichenbacker, Sue Walsh, Marcia Porter, Kathy Pahlke, Chris Zabielski, Vance Holm, Kary Knutsen, Kim Bye, Shelli Grunewald, Keith Shust, Beth Tanner, Chris Walpole, Bob Taubitz, Chery Kopecky, Kathy Morenz, Don Sherwood, Daryl Conner and Chris Wizeorek.

BEST OF SHOW. Janet Gallimore, already loaded down with trophies she won in the PTA Art Show for her watercolor of a koala bear, receives a \$25 savings bond from Betty Sutcliff, of the State Bank of Antioch.

Dolly comes to Antioch

Hello Dolly, it'll be good to see you in Antioch. That's right, on April 26 and 27 the students at ACHS bring to life in song and dance the play "Hello Dolly!" Under the direction of Ken Smouse, they recreate the story of Dolly Gallagher Levi and her plans to play matchmaker to a host of people including herself. She is successful in finding herself a new mate along with a few of her friends.

The cast has been working on the tale of Dolly Levi's

search for a husband and feed store owner, Horace Vandergelder's search for a wife. Since February, they have been engaged in learning dance numbers and songs. A few of the set pieces under construction have been completed and are functional.

The story opens in New York and moves rapidly to yonkers with Horace and his screaming niece, Ermengarde. The action then builds and makes its way back to New York City. That's about all that should be said

about the plot - you'll just have to come and see it.

As the "always-having-to-know" Dolly is Kim Kovach. In the role of Horace Vandergelder is Steve Albright. Other important cast members include: Debbie Hartokolis as Ernestina; Ambrose Kemper, Ron Sheedlo; Ermengarde, Laurie Hotchkiss; Cornelius Hackl, Bill Beese; Barnaby Tucker, Donald Barlow; Irene Molloy, Sandy Lindberg; Minnie Fay, Anita Cooper; Rudolph, Todd Seisser.

As citizens of New York and Yonkers, waiters, clerks, cooks and townspeople are: Wendy Lloyd, Sue Plett, Rosemary Scheske, Debbie Blanchette, Nancy Halverson, Debbie Hotchkiss, Robin Hunley, Debbie Hunt, Judy Vendl, Debbie Hermano, Rosline Scheske, Randy Tobias, Larry Yopp, Jeff Schoelzel, Rusty Long, Tom Mangelsfork, Mark Meyer, Dan Miller, and Jack Wieber.

Curtain time is 8 p.m. Tickets are available from cast members and a limited number will be available at the door. For reservations call 395-3211 or 395-3212.

Len Roos appointed Realtor Associate

Michael Warren & Company has announced the appointment of Len Roos as Realtor Associate.

Len was born in Gottenburg, Sweden and came to this country when he was six years old. He has been in sales for twenty-five years with an insurance background, and has lived and worked in the Lake County area for over twelve years. He has two sons and two grandchildren. Len and his wife, Mary Lou, are very active in the square dance field, with Len being a well known popular square dance caller throughout the Midwest.

Having completed intensive courses in real estate and having received an initial orientation to the firm of Michael Warren & Co., Len is now involved in general sales.

TURTLES, GOLDFISH AND TROPICAL FISH

Care of Turtles

Turtles should be kept in a tank or bowl partly filled with water. Provide a large rock or platform so that the turtles can easily climb onto it to dry themselves. This drying-out is necessary as it helps prevent the softening of the turtle shell. Keep the turtle near sunlight if possible.

Change and clean the water every other day. This reduces any odor and protects against possible infections. To help prevent white fungus growth dissolve 1/2 teaspoon of salt in water occasionally.

Eye infections are not uncommon among turtles and can be treated. Place the turtle in a mild solution of boric acid or salt (1 teaspoon per quart of water) until the eyelids separate.

Care of Goldfish

Originally from China, Goldfish are probably the oldest aquarium fishes known. It is not necessary to keep them in a prepared, aerated aquarium; but you may wish to do so. For the small hobbyist a bowl is sufficient. Place about 2" of cleaned gravel or aquarium rock on the container bottom. Plant the bottom generously with aquarium plants to help supply oxygen to the water.

Never overstock an aquarium; particularly with goldfish. Always figure no more than two medium size (2 to 3 inches) goldfish to each gallon of water.

If the fish come frequently to the top of the water to breathe, change the water immediately. If you are not aerating your aquarium automatically, it will require periodic water changes and cleaning.

A small bowl should be changed daily using tepid water. Keep water temperature between 68° to 78°F.

Along the Way with

Annie Mae

Sure hope the Easter Bunny treated you as well as he did us. All that scrumptious candy, etc. It's diet time again!!

Linda and Rick Winters are back from a week's vacation where they paid a surprise visit to Linda's parents, the Marv Toepers, in Cass Lake Minnesota. Snowmobiling is still going great up there. Also surprising the Toepers to help them celebrate their 25th wedding anniversary were Shirley's mother and her sister Sue.

Hear tell Bonnie Mandernack is back on the mend again after a stay in the hospital for surgery. Hurry up back to ceramics Bonnie, the stories are still as good as ever.

Barb and Joe Rush, Dave and Grandma Murrie spent a few days with Gary at the Naval Academy in Maryland. Spring has arrived there and they had a very enjoyable visit touring the Academy and the town.

Remember gals - the Homemakers "See and Sew" style show is next Wednesday evening. Be sure to get your tickets now so they know how to plan.

The oceanliner, "The Song of Norway" was home for a week for Shirley and Dick Bunker. They toured the Caribbean visiting St. Thomas, Nassau and San Juan for a week. Had a marvelous time and were able to celebrate Dick's birthday while on board.

Glad to see Dawn Woods walking around again. Been a long time on those crutches lady!

A special "Sweet 16" birthday wish to Tom Bodin who celebrates on April 18 from Hermita. Also in line for birthday congrats this week are: Joe DeStefano, Patti Gross, Lou Crawford, Kathy Sobczak and Harriet Parson on the 17th, to Ken Smouse and Mike Buchta on the 18th, to Betty Lou Williams, Jean Benes, and Phil Schwartz on the 21st and to Don Amundsen and Janel Eckert on the 23rd.

Stop in at the Sequoit Masonic Temple for lunch this Thursday. The ladies of Chapter No. 428 of the Eastern Star are having their annual chicken luncheon. Hear tell its super delicious!!

Our sincere sympathy to Mr. John Horan and family on the death of their wife and mother.

Remember Everybody - this is the weekend the Rescue Squad and area doctors will be presenting the Operation Help program at the High School beginning at 2:00 p.m. on Sunday. Everyone should be aware of what can be done to help others in case of any heart related medical emergency.

See ya,

Annie Mae

MENU PLANNING. Mrs. Barbara Miller and Mrs. P. Serwa, president and secretary, respectively, of the Lakes Region Homemakers, select the menu for the group's "See and Sew" style show.

Homemakers Spring Fashion Show

If on Easter Sunday you were one of the many Homemakers who were busy preparing dinner for her family and then too tired to enjoy the meal, the Lake Region Homemakers are inviting you to their "SEE and SEW" style show where you will enjoy an evening of dining and fashion. The Homemakers selected a menu to satisfy the most discriminating gourmet. The family style menu will commence with a fruit-cup and include beef, ham, assorted vegetables, salad, coffee and dessert. Also included in the \$6.00 donation will be table prizes, and above all a showing of fashions created by our own Lake Region Home-

makers. Who knows - we might have some hidden talent here in the small corner of Northern Illinois and you will have an opportunity to take part in this exciting evening.

If Paris can dictate fashion, so can we. We invite you to judge for yourself and attend our See and Sew at Paty's Lounge on Route 173 and Channel Lake, Wednesday April 24, 1974, 6:30 p.m. For further information phone: Mrs. Esther Hamlin 395-0623 or Mrs. Peggy Van Patten 395-4185.

NOTICE

Home Oak Cemetery meeting will be held April 19, 1974 at 8:00 p.m. at the home of Robert Scott. 414-862-2869.

Springtime for PM&L's Henry

The time has come to drop whatever else you are doing to make your reservation to see "Trio!" This production opens this Saturday, April 20, at the PM & L Theatre, 877 Main Street in Antioch. The other playdates are Fridays and Saturdays, April 26 and 27, and May 3 and 4. Curtain time for all performances is 8:30 p.m.

"Trio!", conceived and directed by Don Beveroth, is an evening's program of three impressive one-act plays. Probably you have already read about two of the plays. "The Dirty Old Man," by Lewis John Carlino, and the classic "Riders to the Sea," by John M. Synge.

The last member of the threesome is "Fumed Oak." Noel Coward, the author of this play, called it "An Unpleasant Comedy." It is concerned with the lackluster married life of Henry Gow, a henpecked husband. Although Noel Coward said that "anybody" could act this part, in the PM & L production it is played by none other than Don Beveroth himself. Tessa Smith, whom PM & L playgoers will remember for her work in "The Solid Gold Cadillac" and "Lady Audley's Secret," is now cast as Doris Gow, Henry's shrewish wife. Equally shrewish is his unpleasant mother-in-law, played by Aileen Biel, also a PM & L veteran. Henry's "awful" daughter, Elsie, is played by Susan

TWO SHREWS. Tessa Smith (left) and Aileen Biel portray the wife and mother-in-law of henpecked Henry Gow in Noel Coward's "Fumed Oak," part of a series of three one-act plays offered by PM & L. (Staff photo)

Allen. Until now the silent Harpo Marx of PM & L, Susan at long last now has a speaking part! Audiences will probably agree with Henry that the first thing Elsie should do after the show closes is have her adenoids removed.

In any case, "Fumed Oak" provides a fitting close for the evenings bill of three outstanding plays. Be sure to call 395-9702 to reserve your seats. This comedy, together with "The Dirty Old Man" and "Riders to the Sea," takes its place in an innovative blend of remarkable one-act plays. Don't miss your chance to see "Trio!", PM & L's current production.

NAIM Group to hear Dr. Friedman

The Lake County NAIM group, an organization for widows and widowers will meet Sunday, April 21, 1974, at Our Lady of Humility Church Hall - 1801 Wadsworth Road - Zion at 2:00 p.m.

Dr. James Friedman from Family Counseling Clinic, will be guest speaker. Refreshments will be served. Guests are invited.

For information contact: Bill May at 356-8173 or Mary at 689-0770.

Ahart-Knutson Wedding Vows told

Bruce J. Ahart and Ellen Knutson repeated their wedding vows in a double ring candlelight ceremony performed by Pastor Frank Pieper of Trinity Lutheran Church in Ingleside.

The bride, daughter of Mr. and Mrs. Orville T. Knutson of Antioch was attended by her sister, Karen Knutson as maid of honor. Bridesmaids were Linda Knutson and Beth Ahart. Karrol Knutson was the flower girl.

Bruce, the son of Mr. and Mrs. William Ahart of Waukegan was attended by Larry Ogle as best man. Calvin Cox, Tom Knutson and Dave Hankins were ushers.

The bride made her colonial a-line style gown of white satin,

covered by embroidered chemise, and carried a colonial bouquet of violets and baby's breath. Her attendants wore empire waist lavender satin gowns with flowered bodices also made by the bride and carried candlelight bouquets of white daisies.

Following the ceremony the couple were honored at a reception at the Black Angus restaurant in Gurnee. After a short honeymoon to Burlington, Wis., the couple will make their home in Waukegan. This fall they will both attend classes at Western Illinois University.

Tryouts for PM&L Production of "Sound of Music"

Tryouts for the new PM & L production, "Sound of Music" will be held for adults on Sunday, April 21 from 2 to 4 p.m. and 7:30 to 9:00 p.m. and on Sunday, April 28 from 2 to 4 p.m.

Children between the ages of 6 and 17 who are able to carry a tune will be heard on April 22, 23 and 24 from 7 to 8:30 p.m.

This will be the last production of the season.

New Deductions

Mr. and Mrs. Bernard Strittmatter of Lindenhurst, Illinois are the happy parents of their third child, Laura, born on April 10, tipped the scales at 8 pounds 9 ounces and was 20 1/2 inches long.

The Strittmatter's have 2 two other children: Bert, 6, and Patrick, 3.

Proud grandparents are Mr. and Mrs. Bernard Strittmatter of Des Moines, Iowa and Mr. Joseph Frederick of Milwaukee, Wisconsin.

SO-CI'E-TY

n.; pl. TIES. (L. societas fr. socius a companion; cf. F. societe. See SOCIAL) the relationship of men associated in any way to one another; companionship; fellowship; connection; participation.

Diane Costoff Engaged

Mr. and Mrs. August Costoff of Antioch are proud to announce the engagement of their daughter, Dianne, to Terry Lee Periman, son of Mr. and Mrs. Russell Periman of Wauconda.

Dianne is living at home and plans on receiving her degree in education.

Terry is in his 4th season with the Philadelphia Phillies minor leagues. In the off-season he plans to complete his degree in

architecture.

They both attended schools in Missouri.

The wedding will take place on September 7th at St. Peter's Church in Antioch, Illinois.

Eastern Star Annual Chicken Luncheon

The Antioch Chapter of the Order of Eastern Star No. 428 will hold its annual Chicken Luncheon on Thursday, April

Sue Grippando Engaged

Mr. and Mrs. James V. Grippando of Antioch announce the engagement of their daughter, Susan, to Larry Zdanowicz of Kenosha, Wisconsin. Susan is a 1971 graduate of Antioch High School and is currently employed by Quaker Industries in Antioch. Her fiancé is employed at Outboard Marine Corporation in Waukegan. A September wedding is planned.

AARP Meeting April 23

The next meeting of the Antioch AARP Chapter No. 387 will be held at the Antioch Country Club on April 23, at 12 o'clock for members having a paid luncheon ticket.

Mayor Wilton and Village Clerk, Marilyn Sterbenz, were present at the April 9 meeting. Mayor Wilton introduced Mr. Ben Brasel, Lake County Housing Director who spoke on housing in Lake County and the Antioch area.

The pot-luck luncheon was a great success, and a 'thank you' to Mrs. Chandler for her Apple Doll demonstration.

Our sympathy to Mrs. Phillip Aiani, President, and family in the loss of a dear husband and father.

18 from 11 a.m. to 2 p.m. at the Sequoia Masonic Temple, 885 Main Street, Antioch. Donation \$1.50.

Mardell to speak

Carol Mardell of Highland Park, Democratic candidate for Superintendent of Educational Service Region, has been invited to speak at the 52nd Annual International Convention of the Council for Exceptional Children in New York City on April 16. Mrs. Mardell will conduct a workshop on procedures for identifying prekindergarten children with potential learning problems. Expected attendance at the convention in 6,000 educators.

Royal Neighbors plan Rummage Sale

The Royal Neighbors Olson Camp met at the American Legion Hall on April 9th.

The Officer's Dinner at the Antioch Restaurant was a huge success and everyone enjoyed themselves afterwards with various games. The gals are planning a huge Rummage sale on May 10 and 11th so gals bring forth your goodies for the rummage sale.

Pearl Anderson and Myrtle Delany were the hostesses for the evening and served delicious goodies.

The next meeting will be on April 23rd at 7:30 p.m. sharp.

ABC'S OF TRAVEL

Packing Hints

PACKING HINTS. When you pack for a vacation abroad, remember you're only going to visit. There is nothing more aggravating than being weighed down with a lot of excess baggage when you don't have to be. Remember - you shouldn't take any more luggage than you can carry by yourself. Porters are not always available and some countries airports just don't have them. I know the hard way from traveling about with no help what-so-ever.

The trick to "traveling light" is in the kind of luggage you use (it should be as light-weight as possible) and the amount of imagination you employ in packing.

Women will find that a cocktail dress will see them through all but the most

formal occasions and a dark business suit, sports jacket and slacks will do the same for men. Also if you stick to one basic color theme you'll find that "mixing and matching" gets you a lot of mileage out of a relatively small amount of clothes. So the best advice we can give you is to take only clothes that you can interchange. This way you will be able to make up a variety of outfits.

The thing to watch out for is shoes. They're heavy and they take up a lot of space so try to take a maximum of three pairs, one of which should be a good walking shoe already broken in.

If you're required to take pills or other prescription items, take enough to last your entire trip. Brand names of medicines differ from country to country and you might not be able to get refills, so it doesn't pay to take a chance. The same goes for eyeglasses. Take an extra pair, if you have one. Broken glasses could cost you a half a day's sightseeing.

One last tip of which I've learned myself after a closet full of suitcases and carry-on bags. Since you'll undoubtedly be coming back with more stuff than you left with, buy an inexpensive, collapsible suitcase here which can fit neatly into your luggage. This will also save you the expense of buying more costly luggage abroad.

Barb Corbin

At the March meeting of Pack No. 86, the Cub Scouts held their annual rocket races. The boys were given the rocket kits at the Blue and Gold Dinner held last February, and had to build the rockets themselves, for the races. Taking top honors were Rick Gossman, who received a medal and trophy for first place, while Mark Damit and Derrick Richter won medals for second and third.

In the awards portion of the meeting the following boys received awards - Mark Damit, wolf; Derrick Richter, wolf; gold arrow and 3 silver arrows; Mike Koss one silver arrow and a one year pin and Marshal Miles, one silver arrow. In Webelos, Gene Zininni and Tod O'Conner received the science award and Don Kolle was inducted into Boy Scouts by Jeff Gutowski and Bob Gossman.

Refreshments were served after the meeting by Mary Lou Miles, Marie Richter and Barbara Koss.

Pack 86 is in need of a den mother. Anyone interested in the job, please call 395-0973 or 395-3933.

Twenty-five Cub Scouts and their brothers and sisters took part in an Easter egg hunt on April 3 at Bob and Judy Gossman's. The prizes were put in two divisions. One division for Cub Scouts and the 2nd one for the other participants. The Scout winners were - Marshal Miles, first, Rick Gossman, second, Brad Larson, third, Mark Damit fourth and Pat Leib fifth. Other division winners were Donna Leib, Kelly O'Conner, Bret

Leib, Mike Mielke and Lynda Larson.

A very big thank you was extended to the Gossman's for the use of their yard, to Mr. Wonderful and George Hucker for the donations that made the 120 eggs and prizes possible, and least we forget the ladies that colored all those eggs, Judy Gossman and Kathy O'Conner.

Please save all your newspapers. The Chain O'Lakes 4-H Club will be having a paper drive on April 20. If you have any they can be dropped off at Chase's Station before Saturday, April 20.

Happy sweet 16 birthday to Chris Lindberg who celebrated on April 9th. Melodi Sweatman was 15 on April 13. Also celebrating his birthday on April 13 was George Hucker.

Happy anniversary to Rich and Kathy Behrens who celebrated number 16 last Saturday night with their friends Mike and Mary Joe Zeien and Gary and Donna DeWitt. The evening out was enjoyed by all.

I'm sure everyone has their own idea of what a home wrecker is, but Beverly Ryzsko really takes the cake. Last Wednesday, Bev was pulling her car into the garage when by some sort of accident she stepped on the gas instead of the brake and drove right thru the garage and out the back wall, taking everything with her, including a mini bike and a refrigerator. Her husband Steve, alias Mr. Wonderful, is very thankful she didn't turn left, or she would have parked in the family room. Bev wasn't hurt, but the garage sure is - if you want to see some pictures, stop at Mr. Wonderful's and take a look at what's left of the garage.

Congratulations to Jim Miles who was elected to the Antioch Continued on Page 10

Youth dies in collision

Randall C. Nathan, 18, of rural Antioch (Rte 45), is dead following a head-on collision south of Mundelein early Friday morning.

Lake County Sheriff's Deputy Perry Coleman reported that Nathan's northbound auto crossed the center line on Rte 83 and slammed into one driven by Carolyn McAvoy of Woodridge. She is reported in satisfactory condition at Con-dell Hospital.

The accident occurred just north of Gilmer Rd. at 12:04 a.m.

Randall Curtis Nathan was born in Evergreen Park, Illinois, and had lived most of his life in Arlington Heights, Illinois. He had recently moved to the Antioch area.

Survivors include his parents, George L. and Gloria Nathan, and eight brothers and sisters.

Barbershop Harmony Hot Line

During the month of April, the Barbershop Harmony Society (The Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, Inc.) will be conducting a concentrated membership drive in the state of Illinois. The society numbers 35,000 men internationally, 2,100 of whom are in Illinois.

In order to make known the whereabouts of the chapters' meeting places, an incoming Watts line (area code 800) is being installed so that anyone in Illinois who wants to locate a chapter can call this toll free number for information. The "Harmony Hot Line" will be available for one month beginning April 8, 1974.

Sequoit Happenings

Bits from Barb

By: Barb Olson

Last week was a time of expectant waiting for the students of Antioch High School. Everyone was restless, and the warm weather outside made the kids wish they weren't inside. What made these students so expectant? Why, Spring Vacation, of course. Wednesday, due to a teacher's meeting, the students got out of school early, and Thursday being the last day before vacation, they were again let out early. Good Friday there was no school, and the students are off all this week.

The cast of "Hello, Dolly!" and the pit band have been rehearsing for their performances on April 26 and 27. Practice will continue right through the Easter Vacation. Last Thursday night they had a bit of a scare at their practice. A report came in that the fire department was all over the roof of the building. To their relief, there wasn't a fire; the firemen were practicing, just in case of a fire.

Last Thursday streaking came to Antioch. A student streaked into the high school. Teachers and the administration reportedly have identified the student and are dealing

with him. It is sincerely hoped that students will not succumb to pressure and streak, as this popular craze is just another sign of immaturity. We've been given the right to vote and the right to drink; why taint it with this?

Obituaries

MRS. CAROLYN M. (CAR-RIE) HORAN, 79, of 407 Orchard Street, Antioch, Ill., passed away on Sat., April 13, at Terrace Nursing Home in Waukegan. She was born on Feb. 5, 1895 in Burton Township-mcHenry County, Ill., the daughter of the late Harry and Ida Osmold. She moved to Antioch in 1903. She was a member of St. Ignatius Episcopal Church and was also a charter member of that church and is a past president of the St. Ignatius Church Guild, Past Noble Grand of Antioch Rebecca Lodge, Charter member of Antioch Chapter of the AARP, Past President of the Antioch Woman's Club, Charter member and served as president for 6 times of the Antioch American Legion Auxiliary of Post No. 748, Past director of 8 & 40 Post No. 1911, Past District Director of the 10th District of American Legion Auxiliary, and Past Chapeau of La Petit Salon of the 8 & 40 Post.

She married John L. Horan on Oct. 30, 1919 in Antioch. She was preceded in death by 1 brother Lester J. Osmond.

Survivors are her husband John L. Horan, 1 daughter, Mrs. Mildred Effinger; 2 sons, John W. Horan and Raymond J. Horan, 7 grandchildren and 1 great grandchild.

Funeral services were held at 11:00 a.m. Tuesday, April 16, at St. Ignatius Episcopal Church in Antioch. Rev. Theodore Bessett of that church officiated with interment in Mt. Carmel Cemetery in Antioch.

MR. PHILIP C. AIANI, 70, of Antioch, Ill., passed away suddenly from a heart attack on Wednesday, April 10, at his home on Highwood Drive. He was born Feb. 24, 1904 in Chicago and resided there until moving to Antioch 6 years ago. He was a member of St. Peter's Catholic Church at Antioch, American Association of Retired Persons-Antioch Chapter, Twin Lakes Senior Citizens Club, and the Trevor Social Center Association. He retired 6 years ago after being employed for 43 years by the Jahn & Ollier Engraving Co. on Washington St. in Chicago. He married Esther Williams in Chicago.

Survivors are his wife Esther; 3 daughters, Mrs. Elvera Hinkle, Mrs. Esther Behnke, and Mrs. Arleen Lewis; 4 sisters; 8 grandchildren and 2 great grandchildren and was preceded in death by 8 brothers.

MRS. FRANCIS DOLL, 62, of 334 Marcia Court, Bartlett, Illinois, passed away April 6, 1974 at her home.

Mrs. Doll was born October 7, 1911, in Antioch, Illinois, and had lived in Elmhurst most of her life. She was a member of the Northlake Methodist Church and had lived in Bartlett for the last three months.

Mrs. Doll is survived by her husband, Lt. Col. Edward F. Doll; a son, James O. Doll of Zion, Illinois; eight grandchildren; three great-grandchildren; and two brothers, John Davis of Parris, California and Alfred Davis of Mundelein, Illinois.

Services for the immediate family were held at the Congdon Funeral Home, 3012 Sheridan Road, Zion, Illinois.

MR. JOSEPH BOROVICKA, 84, of Antioch, Ill., passed away on Sunday, April 14 at his home. He was born March 15, 1890 in Bohemia and came to the United States in 1891 to reside in Chicago. He had lived in Cicero, Ill., Hollywood Calif. for 3 years then to Berwyn, Ill. before moving to Antioch in 1942. He was a tailor by occupation for Kuppenheimer Clothing Co. for many years, and after moving to the Antioch area he had operated a tavern, then worked for the Ill. Highway Maintenance Department until his retirement. He married Rose Dusek on Dec. 15, 1934 in Chicago. He was preceded in death by 1 son, George Borovicka, on Oct. 23, 1967. His only survivor is his wife, Rose, and several nieces and nephews.

Funeral services were held at 2:30 p.m. Tuesday at Strang Funeral Home in Antioch. Rev. Ray Kotwicki of the Salem, Wis. Methodist Church officiated with interment at Highland Memorial Park Cemetery near Gurnee, Ill.

THE
TRUTH
THAT HEALS

CHRISTIAN SCIENCE CHURCH

In the Bible in John 5 we read of Jesus' healing of the man who had been ill thirty and eight years. This is brought out this week in the Lesson-Sermon entitled "DOCTRINE OF ATONEMENT" and will be read at Christian Science Church services Sunday.

From Science and Health with Key to the Scriptures by Mary Baker Eddy we read: "Jesus taught the way of life by demonstration, that we may understand how this divine Principle heals the sick, casts out error, and triumphs over death."

Services at First Church of Christ, Scientist, BEACON HILL, Rte 173 and Harden, Antioch, Illinois begin at 11 a.m. All are welcome; and care for children is provided.

Barr Funeral Home

MRS. EDITH V. MAC KINNON, 81, of Lotus Ave., Antioch, passed away Tuesday, April 19, at Victory Memorial Hospital, Waukegan. She was born Feb. 26, 1893 in Lavik, Norway coming to America in 1898. She lived in Chicago until moving to Antioch in 1959. She had owned a Beauty Shop in Oak Park for several years. She was preceded in death by one son, Norman Hansen, in 1956.

Survivors are her husband, Allan G. MacKinnon; 2 grandchildren and several nieces and nephews.

Funeral Services were held at 1:00 p.m. Thursday, April 11, at the Strang Funeral Home, Antioch. The Rev. Stephen Williams of the Antioch United Methodist Church officiated with interment in Mt. Emblem Cemetery, Elmhurst, Ill.

St. Peter School Board Election

The following candidates are seeking positions on St. Peter Board of Education. Three, three-year positions will be filled. Voting will take place in the lower level of the Church after all the Masses Sunday, April 21st (also the 5:30 p.m. Mass Sat., April 20th). All adult parishioners or parents of St. Peter School children are eligible to vote. Parish rolls will be used to determine voter eligibility.

SHIRLEY GUTOWSKI is now serving on the board and is seeking re-election. She and her husband, Bernie, and their four children live at 489 Crest Lane. Two of their children are students in St. Peter School. Shirley is employed by the Village of Antioch as Treasurer. She was a past president of the Altar and Rosary Society, is a choir member and former CCD teacher. Various community activities include helping with Little League and being an active member of the Lake Region Homemakers. She has served on St. Peter Board of Education since its formation in November of 1967.

PAUL ECKERT is now serving on the board and is seeking re-election. He is a lifetime resident of Antioch and lives with his wife, Mary Lou, and their three children at 318 Park Ave. A former graduate of St. Peter School and Antioch High School, he spent three years in Carpenters' Apprentice School and is presently a building contractor. Two of his children are now attending St. Peter School.

CHARLES SCHWENN and his wife, Carol, and their three children reside on State Line Road near Highway 45. They have been parishioners of St. Peter's for the past four years.

"Hindsight's Better Than Foresight"

By Father Kusal

Can you imagine living with another person, sleeping with another person, having children together and never knowing that other person? It sounds almost preposterous, yet it goes on every day in many American families.

Somehow these people live with each other for 20 - 30 - 40 years and never know each other. They have a miserable life and bring up their children in that atmosphere. There are many reasons for such a relationship, and there are probably just as many ways of getting out of that kind of relationship. All of which would destroy the surface difficulty but leave the root of the problem.

Let me propose a couple of reasons for such a marriage

A native of Kenosha, Wisconsin, Chuck graduated from St. Joseph High School there, and later attended Racine-Kenosha County Teachers' College. He graduated from Carthage College in 1973 with a B.A. degree and has been teaching 7th and 8th graders at Salem Grade School for the past five years.

DR. JOHN BOARINI is now serving on the board and is seeking re-election. He is a former Chicagoan and attended schools there. He and his wife, Nancy, and their eight children moved to Antioch in 1969. Three of their children are now attending St. Peter School. Dr. Boarini is a graduate of Loyola Dental School and has a dental office in Antioch.

TIME WAS..

relationship. When two people get married they have an image of what married life is all about, and I stress they only have an image. This image may have been obtained from T.V., books, magazines, newspapers. After being married for a while they begin to realize that the image of 20th century materialistic over-romanticized immature relationship of marriage isn't the same as the concrete reality that is happening everyday in their life.

What do these people do? Do they let their image of marriage grow, mature, change. Most of the time - no. This means that they would have to change themselves. So instead they try to change the reality of their life. They try to make the reality fit the image. This way they are not responsible, they don't have to grow, they don't have to mature - their spouse does. If the spouse would live the image instead of the reality the marriage, they insist, could survive. And you end up destroying two lives instead of one.

BRUCE E. TATE

Coast Guard Ensign Bruce E. Tate, husband of the former Miss Barbara A. Curwood of Grass Lake Road, Antioch, Ill., is helping provide assistance to commercial ships during an extension of the Great Lakes winter shipping season. He serves aboard the Coast Guard Cutter Southwind, which is on its last operational mission for the Coast Guard. After the spring ice break-up, the cutter will be returned to its homeport in Milwaukee, and then leave for Baltimore the end of April.

**BRADLEY PARTLOW**

Marine PFC Bradley G. Partlow, son of Mr. and Mrs. John Partlow of Route 1, Antioch, Ill., graduated from recruit training at the Marine Corps Recruit Depot, San Diego.

Physical conditioning, discipline and teamwork are emphasized during the 11 weeks of recruit training.

He received instruction in close order drill, Marine Corps history, first aid, marksmanship, uniform regulations and hand-to-hand combat.

CARL A. COWGILL

Army Private First Class Carl A. Cowgill, 19, of Antioch, Ill., recently was selected to return to his hometown area for temporary duty as an assistant recruiter for the 1st Infantry Division at Ft. Riley, Kansas.

While serving in the area, Pvt. Cowgill will work with local recruiters to obtain enlistees for the Army in general and for the 1st specifically.

Pvt. Cowgill is regularly assigned as a combat engineer in Company A of the division's 1st Engineer Battalion.

His parents, Mr. and Mrs. Arthur Cowgill, live on Route 1.

HOMETOWN NEWS

Nancy Lee Davis enlists in Navy

Miss Nancy Lee Davis, daughter of Mr. and Mrs. Jack Davis of Route 3, Box 828, Antioch, Illinois, has enlisted into the U.S. Navy. She was graduated from Carmel High School in 1968 and most recently was employed by Skil Products in Wheeling, Ill. During her two year tour of duty with the Navy Miss Davis will be on Job Training in a Clerical Rating.

Her recruiter "Doc" Blanchard of the Waukegan

Office reminds Antioch residents that he is available at the Village Hall Council Chambers every Thursday afternoon between 1 & 2 p.m. to answer questions about the Navy. Prospective high school graduates are invited to visit him to find out how the Navy can benefit them educationally and with a Trade School guarantee. See him any Thursday or call Waukegan 336-8440 for a home appointment.

Forest Preserve picnic area hours announced

Lake County Forest Preserve President, Frank B. Peers, today announced summer hours for the Forest Preserve picnic areas. Beginning April 13, the picnic areas will be open from 8 a.m. to 10 p.m. Peers commented that, "the decision to extend the hours to 10 p.m. are reinforced by the results of the User Survey conducted earlier this year when an overwhelming

number of respondents indicated preference for these hours."

These hours are for the following picnic areas:

Van Patten at Highway 176 and 41; Lakewood, located 2 miles east of Wauconda on Rte 176; Capt. Daniel Wright located south of Route 60 on St. Mary's Road; Spring Bluff on Main Street at the lake in Winthrop harbor.

SIU changes from quarter to semester calendar

As Southern Illinois University prepares to shift from the quarter to the semester calendar in the fall, the 1974 Summer Session will run for only eight weeks instead of the customary 11-week full quarter.

The summer schedule will open June 18, with first classes beginning at 8 a.m. Final examinations are scheduled for Aug. 7 and 8, followed by Commencement on August 9.

Joyce Pachay in I.S.U. spring concert

Joyce Pachay, daughter of Mr. and Mrs. Carl Pachay, 1056

Lake Villa students on SIU Dean's List

Wayne F. Bentel and Joyce L. Johnson of Lake Villa were cited to the Dean's list of Southern Illinois University for outstanding academic achievement during the fall term. To be recognized, students must have compiled at least a 4.25 grade average on the University's 5.0 scale, while taking 12 or more hours of course work.

Thursday, July 4, Independence Day, will be a holiday and Friday, July 5, has been designated as one of the University's authorized "floating holidays."

The bulletin, Summer 1974 Schedule of Classes, may be picked up at the Admissions and Records Office in Woody Hall or may be ordered by mail from University Graphics Office, Southern Illinois University, Carbondale, Illinois 62901.

Spafford St., Antioch, will sing with other members of the Illinois State University Treble Choir in a concert tonight (April 17) at Normal.

Music for female chorus of traditional and quasi-liberated nature will be featured. Works from the early and mid-20th Century have been chosen to emphasize not only contrasting musical elements, but also the varied treatments of love, romance and women of the different time periods and authors.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY

**Using a dishwasher can save you 416 hours of work a year.
Using it more efficiently will save you something else.
Money.**

The best way to conserve electricity doing dishes is doing them by hand. But that can make you a prisoner of the kitchen for what amounts to 52 eight-hour days a year.

Most people agree that the cost of the electrical energy to run a dishwasher is well worth the human energy it saves.

But that's no excuse to let the cost—in energy and in money—be more than it should be. The aim should always be toward

getting the most effective use out of any appliance.

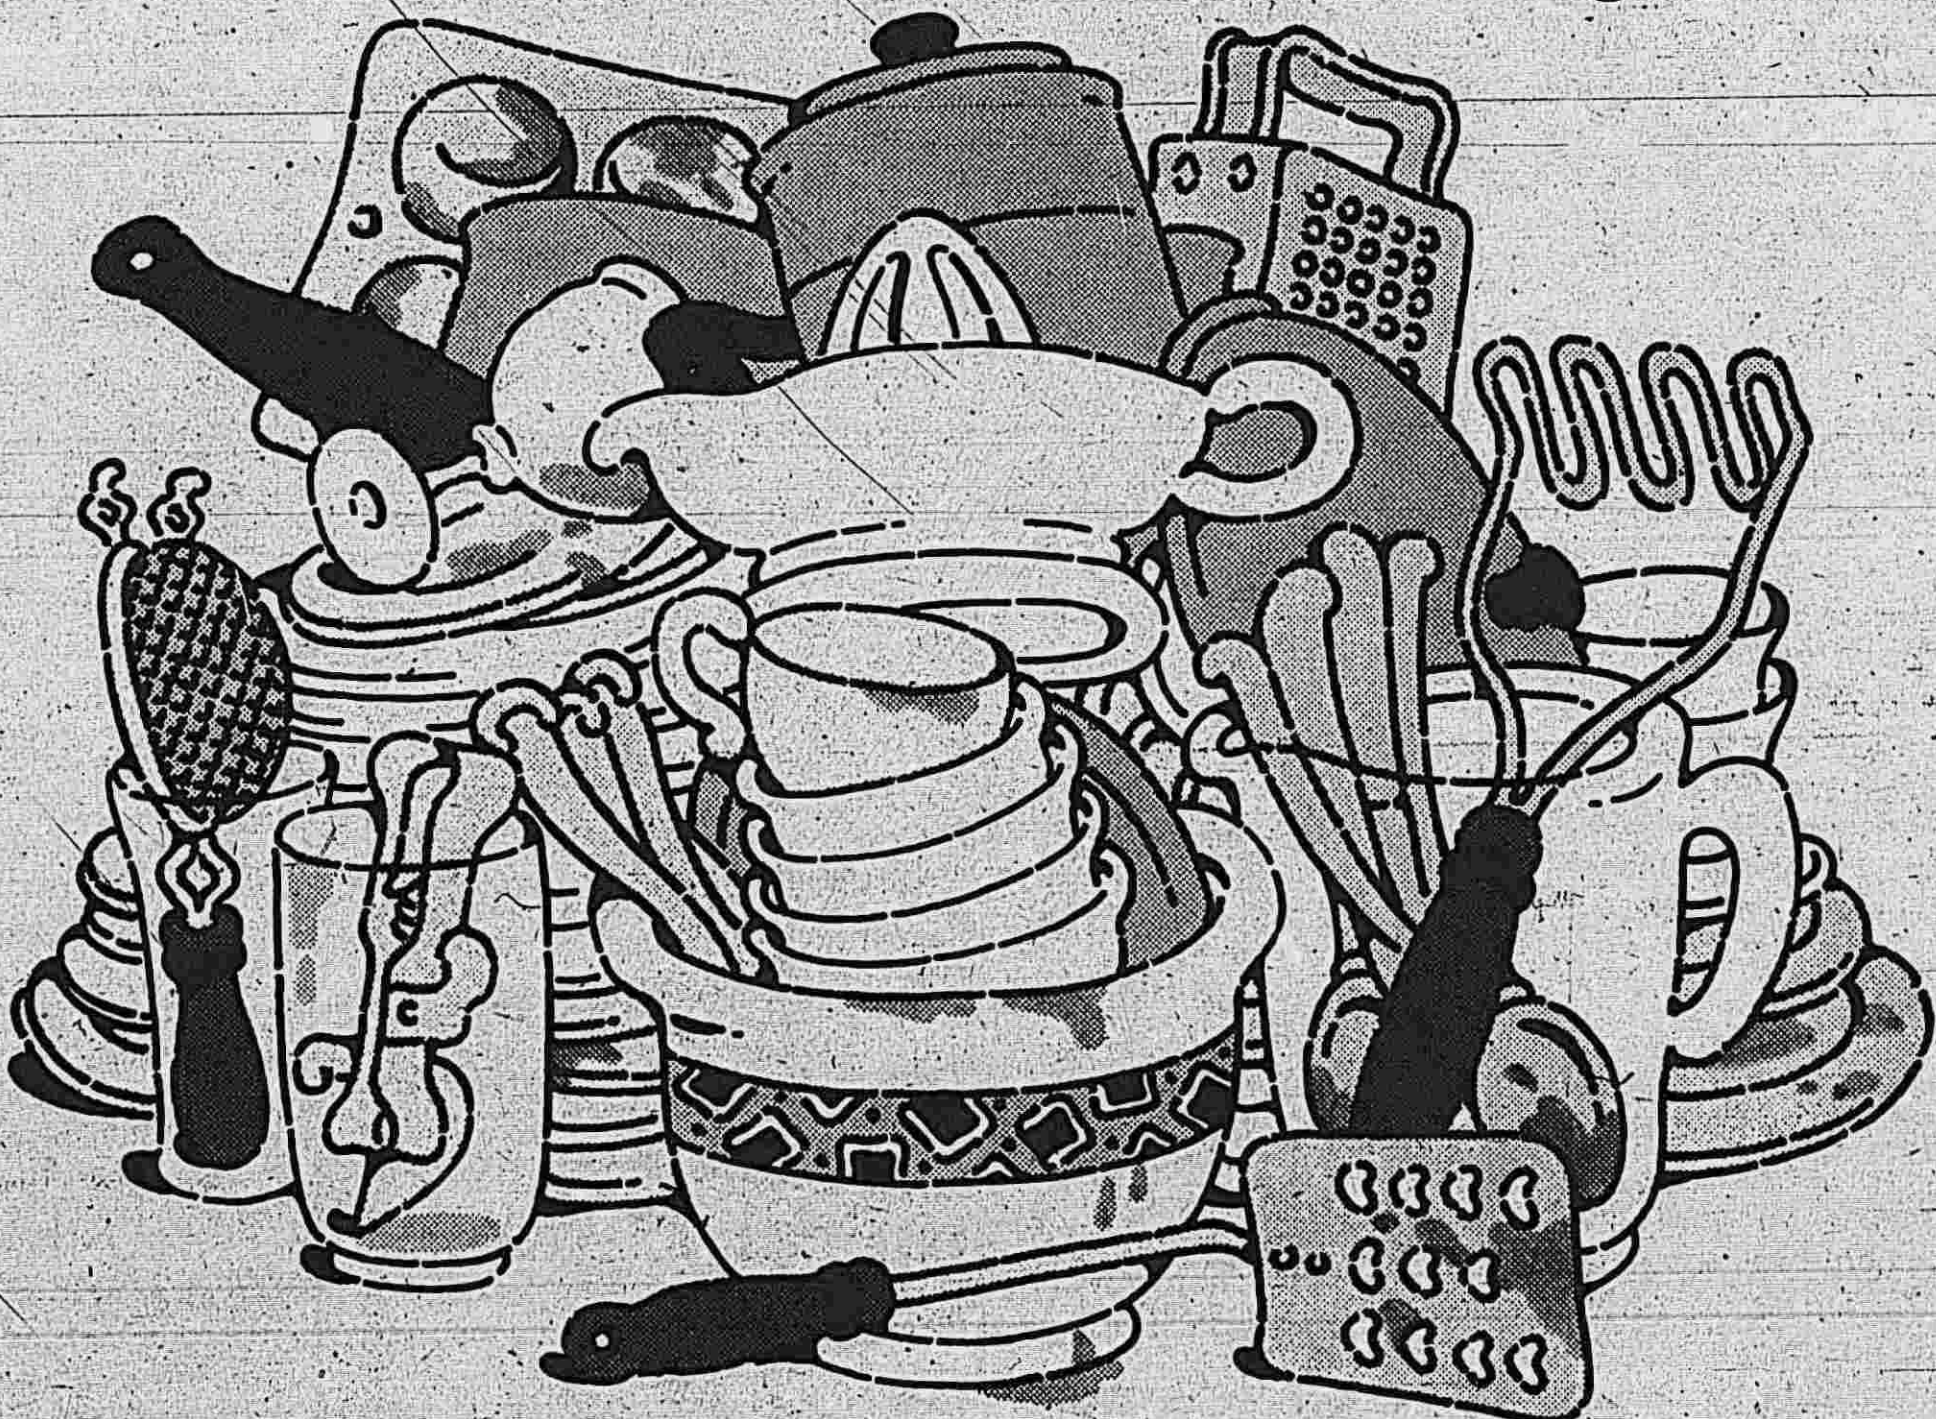

For dishwashers, that primarily means using full loads, because a dishwasher is most economical at full capacity. So do dishes from several meals at once.

Follow the manual for correct loading instructions. Use the proper amount of detergent to avoid having to do dishes over again. Scrape excess food from dishes before washing to keep debris from clogging the dish-

washer pump. When possible, use partial load cycles that allow you to use less hot water.

These dishwashing tips are among many energy-saving ideas included in our booklet, "101 Ways to Conserve Electricity at Home." For your free copy, write Commonwealth Edison, Department AV, Box 767, Chicago, Illinois 60690.

Commonwealth Edison
concern for your total environment

With A "Stern Eye"

The two major political parties have had their biennial Spring bloodletting in Lake County and are now preparing to put it all together in preparation for the big November rumble between them.

The Republicans, in a very close election, unseated their county party chairman of 18 years, last week, and installed instead, a recently defeated state representative. And the Democrats are gamely trying to staunch the flow of blood from their own county convention at which old antagonisms were exhumed.

"You know you Democrats are like lemmings," said an old friend the next day, as I sat, pink eyed and foggy at my desk. Being up nearly all night is not one of the things I do well. "Always rushing and scrambling toward your own demise." "Hmmp," I answered. "It certainly seems to me that you guys didn't do yourselves any favors at your Republican clambake last night."

He paused. "Well, it's true. We do very often manage to snatch defeat from the jaws of victory." And it's true. We do very often manage to snatch defeat from the jaws of victory." And it's true, they do. Just not often enough in Lake County.

Politics is a strange and fearsome business. Achieving and holding elective office often has nothing at all to do with qualification or performance. Insofar as qualification is concerned, most offices require only that the successful candidate get one more vote than the other fella. And that boils down to pleasing more voters than one offends, not always an easy task.

Therefore at this point in time (if you can forgive the Watergatism) every candidate whose name will appear on the November ballot is busy assessing his (her) chances of pleasing more voters than the opposition. Plans are being made, brochures plotted, and fund raising planned. And souls searched. Where does reasonable compromise end and cop-out begin?

Both parties are characterized by a wide divergence of basic philosophy. The party regulars — often that means the committeemen, though not always — see party loyalty as the primary requisite. All appointments — in fact all communication — should proceed from citizen to committeeman to party officer to officeholder, they feel. Only then can the appropriate chain-of-command be maintained.

But we are living in a time when most citizens prefer to think of themselves as 'Independents'. The new breed of candidate (and officeholder) is

4-H'ers Entertain Parents at Achievement Night

April 4, 1974 will be a night long remembered for many parents, because this was the 4-H Achievement night for the Sequoit Suzies and Sequoit Warriors. The Antioch Methodist Hall was filled by 6:00 p.m. with 4-H projects and boasting parents. Rosline Scheske began the evening with the invocation and invited everyone to partake in the buffet-dinner prepared by the 4-Hers. The program of the evening was started with pledges by Tom Hevrdejs and Riccarda Janka. The first demonstration of the evening was presented by Lisa Holmes on Child Development. She showed how to prepare a flannel board for her young charges. Mike Caithamer introduced Bill Rentner who so expertly demonstrated oatmeal drop cookies. Chris Glatz introduced Jim Nachowicz who gave an enlightening talk on "Mapping your homegrounds". Lynette Hamlin who was introduced by Rosalie Aschbacher gave a talk on "Junior Toastmasters", she also gave

an inspiring talk and showed how to use hand and facial gestures. Laura Miller introduced Liz Benes who gave a delightful demonstration on flower arranging.

The last feature of the evening was the style show with Sue Hevrdejs as commentator and Lynette Hamlin was the accompanist. An enjoyable evening was had by all.

Museum of Science and Industry Summer Hours

Summer hours at the Museum of Science and Industry go into effect Monday, April 29.

The Museum will be open from 9:30 a.m. to 5:30 p.m. Mondays through Saturdays. Sunday and holiday hours will remain 10 a.m. to 6 p.m.

Admission and parking are always free. The Museum is located at 57th St., and Lake Shore Drive.

CLC offers Summer Personal Development Classes

The College of Lake County will continue to offer its unique group counseling classes during the Summer Session beginning June 10.

Four courses comprise the Personal Development Series.

Human Potential Seminars are provided especially for students desiring more self-confidence, motivation, and direction. This class is scheduled to meet June 17-20 and 24-27 from 9 to 11 in the mornings.

Maynard Ferguson to be at CLC

The College of Lake County is bringing famous jazz trumpeter Maynard Ferguson and his orchestra to the Waukegan West High School auditorium on May 9. A clinic is scheduled for 4 p.m., followed by a concert at 8 p.m. Both events are open to the public.

Tickets are currently available in the CLC Bookstore on the Grayslake campus. Students pay \$2.50 a concert ticket during the advance sale, while an adult ticket is \$3.50. All tickets will be \$4.00 apiece at the door the evening of the concert. A clinic ticket may be purchased for \$1.00.

The Psychology of Being a Woman will also meet from 9 to 11 a.m. on June 17-20 and 24-27. Purpose of the class is to encourage the student to experience her fullest potential as a person.

Human Relations Lab offers the student a chance to improve his ability to relate to others by becoming more aware of his own thoughts and feelings. The lab is set for 8 a.m. to 5 p.m., June 29 and 30.

Career Exploration is designed to help people of all ages

establish and reach realistic career goals. It is scheduled to meet July 8-11 and 15-18 from 9 to 11 a.m. each day.

In addition to these courses, students may join in a personal problem-solving situation entitled Group Counseling. It is designed for those willing to work on their concerns within a group.

Interested persons are invited to call the CLC counseling office at 223-6601 for more information on the Personal Development Series or Group Counseling.

Ray Young wins Feature at Waukegan Speedway opening

Two-time track champion Ray Young of Dolton won his 34th career feature at the Waukegan Speedway Saturday night by blasting by Dave Evans in the 30th and final lap of the feature race.

Minutes after the feature thunderstorms swept the area with the 23-car hobby finale ending on a wet track. This marked the first night for

70. He pushed his '73 Mustang to the fast heat race win on the strength of a new engine after blowing his motor the previous weekend in Louisville, Kentucky. Sundling, who drove a Chevelle still primed, won the second heat in convincing fashion.

The wild hobby action saw a record opening night hobby entry roster and cars stacked all over the walls before Don Powers, Sonny Sears and Earl Williams cruised home the winners in the three events.

Late model super stock car racing returns to the Waukegan track for the next two Saturday nights before the track switches to Saturday and Sunday nights starting the first weekend in May. The first race starts at 8:00 p.m.

Ray Young, Dolton

muffled race cars at any track in Northern Illinois and the cheers of the crowd actually was louder than the cars in the final laps.

The feature race had four leaders as Ted Richter led three laps before eventually retiring with a broken rod. Veteran Bob Dotter pushed his Chevy II in front on the next lap and withstood two restarts.

On the 17th lap Evans, the night's fastest qualifier, passed Dotter on the outside and set out for the checkered with Young taking second on the 22nd lap. The three raced as one for the remaining laps with Young and Evans side-by-side at starter Jim Gedville's white flag.

Young nosed ahead for the win with Evans second and Dotter a tight third. Popular 'Uncle' Rich Sundling held on for fourth and second generation driver, Ted Musgrave, finished fifth in his first race ever.

Roy Acuff bested Willie Winchester in the Speedway's new 12-lap semi-feature event with Sundling finishing third. Evans won the first event of the year, a trophy dash, but had to settle for third in the second heat race.

Young, of Dolton, won the Waukegan title in both '69 and

Trackmen Off and Running

The Antioch High School track team got the season off to a fast start with two dual meet wins against North Chicago and conference opponent Stevenson. In a three-way match with McHenry and Mundelein, however, the Sequoits were, in Coach Jerry Sandburg's words, "found with less success." They came in second.

Both dual meet wins were lopsided scores, 97-43 over Stevenson and 90-51 against North Chicago.

In the Stevenson contest, first place winners for Antioch were: Mike Jones (100,220 and long jump); Mark Andrews (440), Tim O'Neil (880), Mike Harland (2 miles). In field events, first place winners were Art Meyer (shot put), Mike Gridley (discus), Mike Beasley (pole vault), and Vic McGuire (high jump). All three relay teams were winners also.

At North Chicago, Jones (100,220), O'Neil (880), Harland (2 miles), Andrews (high hurdles), Meyer (shot), Gridley (discus), and McGuire

(high jump) posted wins. In addition, Kevin Walpole (mile), Ron Gramer (low hurdles), Floyd Davis (pole vault), and the 440 relay team earned firsts for Antioch.

The Sequoits were without the talents of three regulars in the three-sided meet at McHenry, due to previous commitments. However, the real cause of our second place finish behind McHenry, Coach Sandburg commented, "was our lapse of mental preparedness."

First place finishers were Mike Jones (100, long jump), Scott Kiederlen (440), Ron Gramer (330 low hurdles), and the 440 relay team.

The trackmen voted Ron Gramer varsity trackman of the week and Tim Sheppard sophomore trackman, due to their individual efforts and hard work in contributing to the team's successes.

Conference foe Woodstock invades the Sequoit track Thursday (April 18), and Antioch has a place in the Lake Forest Invitational Saturday.

Save! Thurs. and Fri. April 18-19.

Diamondmen undefeated in four starts

It's beginning to look like the Antioch High School baseball team is going to continue the winning tradition set over the past few years. In four starts so far this season, the Sequoits remain undefeated. Three of the wins have been against conference rivals.

Antioch opened the season April 6 against Salem with a 4-2 victory. In their first conference play, April 9, the Sequoits downed Woodstock by a 5-2 decision. And they won both halves of a double-header from Wauconda, Saturday, April 13, with scores of 4-3 and 8-1.

Woodstock and Antioch both scored twice in the first inning of that game. With one out, Perrone doubled for Antioch. One out later, Warner walked. He and Perrone were driven in on Gutowski's double, belted down the left field line.

With the score tied two-all after the first inning, the teams traded times at bat until the fifth, when Antioch connected for three runs.

In that period, Smith led the attack with a single. He was joined on the bases when Jackson was hit by a pitch. Pleviak then forced a walk out of the Woodstock pitcher to load the bags.

Perrone's sacrifice to right center scored Smith, moved Jackson to third and Pleviak to second. Jackson headed home on an attempted pick off at third that got away from baseman Bill Behler. The scoring for the inning and the game ended when Pleviak, who had advanced to third on Behler's error, scored on Warner's sacrifice fly to right field.

Klean	4	2	1	4
Jackson	2 1/3	2	2	0
Gutowski	2/3	1	0	0

It took Antioch 8 innings to edge out a win in the first game against Wauconda, although the Sequoits had jumped out to an early 3-0 lead.

Pleviak started the action for Antioch in the first with a single and a steal to second. Perrone then hit one to the shortstop and claimed first on an error, while Pleviak crossed the plate. Sedar's single advanced Perrone all the way to third. While Wauconda attempted to pick off Perrone at third, Sedar moved to second. Warner's sacrifice fly scored Perrone, and Antioch ended the inning with two points.

In the third, Wauconda's right fielder kicked Klean's shallow fly out of bounds, moving Klean to second. Sedar hit to center field, giving Klean a chance to make it home.

All of Wauconda's scoring came in the fifth inning on a number of Antioch errors. Frazier walked and advanced to second on a fielder's choice. Jaskie also walked, and the two of them scored when Sedar lost a high center field fly in the sun at the last moment. Later Arthon moved to second and scored when Smith committed an error with a ground ball hit to him.

With the score tied up, the team had to play until the eighth, when Perrone moved all the way around the bases in four plays on an error, a steal, a wild pitch, and a pass ball.

Klean	7	6	2	0
Jackson	1	2	0	0

In the second game, Wauconda took a 1-0 first inning lead when Cross scored from first on a double by Hedgepath.

But they fell to an eight-hit, eight-run barrage by Antioch in the remainder of the game.

Lear singled in the second inning and went to second on Bodin's single. Popp walked to load the bases. On a wild pitch, Lear started home. His head-first slide knocked the Wauconda pitcher, who was covering the plate, off balance, and the ball rolled into the infield. Seeing a chance, Bodin rounded third and scored.

In the third inning Sedar hit the game's only home run, a towering fly into right field, bringing in Perrone, too, who had stolen second earlier.

Two innings later, Sedar came to the plate again and doubled, this time driving in Pleviak, who was on second after a steal. Warner then singled to score Sedar. After stealing his way to third, Warner himself headed home on an overthrow.

Antioch's final score came with two outs in the sixth after Gutowski and Pleviak had walked. Perrone hit to the shortstop, who picked up the ball and overthrew first, allowing Gutowski to score.

Wauconda was unable to score in the top of the seventh, giving Antioch its fourth victory in as many starts.

Last opportunity for Little League sign up

The last opportunity for boys to register for Antioch Little League and Babe Ruth is this coming Saturday, April 20th, from 10 a.m. to 3 p.m. at the Antioch Scout House next to the library.

Registration is open to boys who are 8 years old before August 31st, 1974 thru boys who are not yet 16 by August 31, 1974. Also they must attend one

of the following Antioch area schools: Antioch High School, Antioch Upper Grade School, Antioch Grade School, Oakland Grade School, Channel Lake Grade School, Emmons Grade School, Grass Lake Grade School, St. Peter's Grade School or Faith Lutheran Grade School.

Registration fee for Little League and minor league division is \$6.00 for 1 boy, \$11.00 for 2 boys and \$15.00 for 3 boys or more. Babe Ruth division fees for 13, 14 and 15 year old boys are \$8.00 for 1 boy and \$15.00 for 2 or more boys. A parent or guardian must be present to sign the registration.

Call League President Bernie Gutowski 395-0864 or Secretary Bob Berchtold 395-2224 if you have any questions.

Model "A" Ford Club to hold meeting on car restoring

How to restore the Model "A" Ford car will be discussed at the next meeting of the Chain O'Lakes Model "A" Ford Club to be held Tuesday, April 16th, in the Community Room of the Lake County Savings and Loan Assoc., Grayslake, beginning at 8 p.m.

Several club members will demonstrate how to repair various parts of the Model "A" automobile and offer tips on restoring.

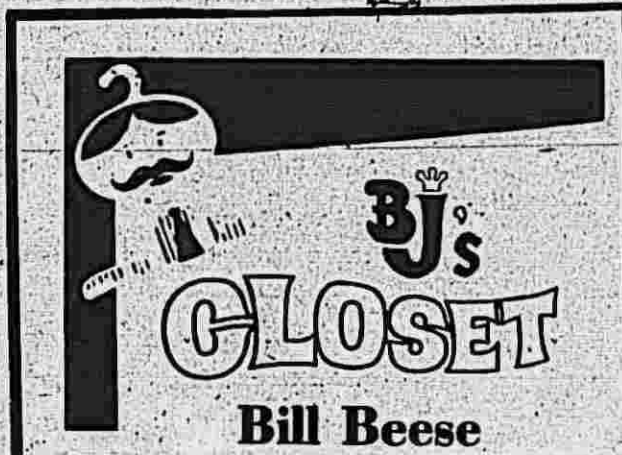

Club members come from as far away as Lebanon, Antioch, Barrington, and Melleny and while most own antique cars, ownership is NOT a prerequisite for membership.

In addition to regular meetings, the club has regular antique auto tours to nearby locations of interest, participates in antique automobile shows, and joins other clubs for antique auto events.

All persons interested in Model "A" Fords, their restoration, and get together with other people of similar interests are invited to attend club meetings held the third Tuesday of every month at the Lake County Savings and Loan, 202 Center St., Grayslake, beginning at 8 p.m.
